

Key Takeaways

Horizon Parent Education Series
Camberwell Girls Grammar School
11 June 2025

Presenter: Dr Charlotte Forwood

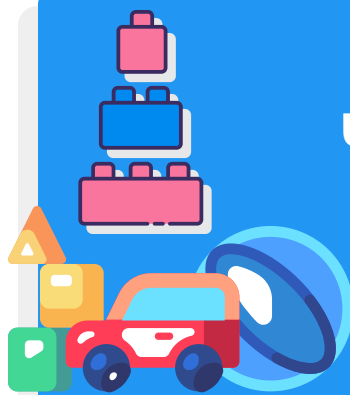

01

Good language skills support critical and creative thinking.

02

Unstructured play helps cognitive, emotional and social skills.

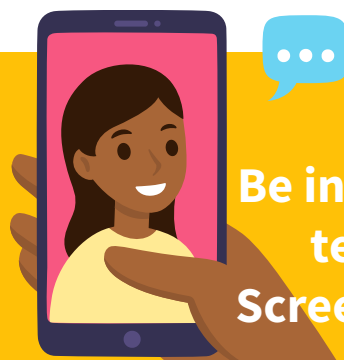

03

Simple resources such as boxes, paper, material and pens are great for play.

04

Be intentional with technology use. Screen time affects wellbeing and academic outcomes.

05

Monotask. Give your full attention when interacting.

06

Feedback should support questioning and risk taking.

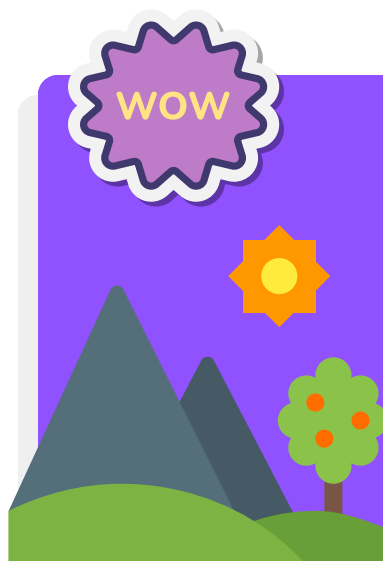

07

Down time is important. Being bored sometimes is okay too.

08

Take time to experience the wonder and awe of the world around us.
