

# VCE at Camberwell Girls

## *What You Need to Know*

The Victorian Certificate of Education (VCE) is the State and Nationally recognised and endorsed program of the Year 12 curriculum in Victoria. The structure has been developed to offer the broadest range of opportunities to all Australian students.

**The VCE is an internationally recognised pre-tertiary qualification and top ranking universities around the world accept students who have completed VCE.**

### **Broad Subject Offering**

At CGGS we offer an extensive number of VCE subjects. Our students have the diversity of over 30 subjects offered each and every year. Students can choose subjects across a broad range of curriculum areas including Science, Humanities, Commerce, Languages and The Arts.

### **Option to Specialise**

CGGS students can specialise within curriculum areas, choosing multiple Science, Humanities, Commerce, Languages or The Arts subjects. Our breadth of subjects, coupled with the option of specialising in a curriculum area is a key feature of VCE at CGGS.

### **Entry to Top Ranking Universities Worldwide**

Studying VCE at CGGS has enabled many students to study at both interstate and international universities. CGGS students have gone on to study in the United States of America, the United Kingdom, Asia and Europe including at the University of Oxford, New York University, University of Cambridge, Harvard University and National University of Singapore.

### **Small Class Sizes**

We are pleased to say that our average VCE class size is 14 students. VCE students enjoy an engaging and collaborative classroom environment.

### **Learn from Educational Experts**

On staff at CGGS, we have one of the highest percentages in the State of VCE assessors and many of our VCE teachers are also textbook authors. Our highly experienced team of VCE teachers work diligently with every student to maximise her potential. This is evident in the consistently outstanding VCE results achieved year after year.
